

Artístico - Vernice (Marble Varnish)

It is the polish used to improve the gloss of the surfaces on which marble texture products are applied.

Areas of Use

Surfaces on which marble texture product is applied without further application of any other product.

Specifications

Yoğunluk: 0,79 g/ml

Application

Product is applied 24 hours after the application of marble texture product. The product is transferred on to the apparatus used for applying the marble texture product with the help of a small spatula and the effect is implemented on the surface by means of a trowel by scraping. If a glossier surface is desired then the surface is polished by using a post apparatus approximately 1 hour after the application of the gloss.

Thinning (Volume)

The product is ready for use. It does not require dilution.

Drying Period (at 20°C, %65 HR)

First Drying period: 1 hour

Final Drying Period: 24 hours

Coverage

Depending on the surface smoothness and absorption capacity, the consumption is 40 ml/m² in a single layer. 1 lt of product will be necessary to polish an area of 20 m². To determine definite consumption amount; controlled sample test must be conducted.

Storage

The product can be stored for 2 years in its unopened package, in a cool place, and protected against direct sunlight and frost.

Packing

0,75 lt
