

Cellulosic Thinner

This is a special kind of thinner that is designed to be used in thinning cellulose based paint, coating and varnish.

Areas of Use

Can be safely used in thinning all kinds of cellulose based paints and varnishes as well as in cleaning the tools used to apply these products.

Specification

- Provides ideal thinning in all the products that it is used with.
- Does not leave a layer of mist on the surface that it is applied to,
- Ensures well spreading of the product,
- Does not leave traces of oil in the products that it is used with and as such it does not cause any delay in drying.
- It is a celluloid based thinner that is obtained from high quality solvents.

Flash Point

<21°C

Storage

Its shelf life is 2 years in its unopened original packaging and room temperature.

Packing

0,70 / 2,20 / 11,00 lt

Hazard Classification

- Flame. Liquid 3, H224: Extremely flammable liquid and vapour.
- Eye Irritation 2, H319: Causes serious eye irritation.
- Skin Irritation 2 H315: Causes skin irritation
- Reproductive System Toxicity 2; H361: H361: Suspected of damaging fertility or the unborn child
- BHOT Repeated Exposure 2, H373: May cause damage to organs through prolonged or repeated exposure.
- BHOT Repeated Exposure 3, H336: May cause drowsiness or dizziness.

Precautionary Statements

-Precautions

- P201: Read special instructions before use.
P202: Do not handle until all safety precautions have been read and understood.
P233: Keep container tightly closed.
P240: Ground/bond container and receiving equipment.
P241: Use explosion-proof electrical / ventilating / light equipment.
P260: Do not breathe dust / fumes / gas / mist / vapors / spray.
P264: Wash thoroughly with soap and water after handling.
P271: Use only outdoors or in a well-ventilated area.
P280: Wear protective gloves / protective clothing / eye protection / face protection.
