

Synthetic Thinner

This is a special kind of thinner that is designed to be used in thinning synthetic based paint, coating and varnish.

Areas of Use

Can be safely used in thinning all kinds of synthetic based paints and varnishes as well as in cleaning the tools used to apply these products.

Specification

- Provides ideal thinning in all the products that it is used with.
- Does not leave a layer of mist on the surface that it is applied to,
- Ensures well spreading of the product,
- Does not leave traces of oil in the products that it is used with and as such it does not cause any delay in drying.
- It is a synthetic based thinner that is obtained from high quality solvents.

Flash Point

41°C

Storage

Its shelf life is 2 years in its unopened original packaging and room temperature.

Packing

0,256 / 0,513 / 1,280 / 1,925 / 10,00 lt

Hazard Classification

- Flame. Liquid 3, H226: Flammable liquid and vapour
- AspTox. 2, H304: May be fatal if swallowed and enters airways
